

Muhammad Mamoon

SAP Consultant & Web Developer

About Me

I am Muhammad Mamoon, a dedicated BSCS graduate and a seasoned SAP consultant at Crown Company. In addition to my role in SAP consulting, I excel as a freelance developer, offering a wide range of services including web development and Crystal Reports. My expertise spans diverse technologies such as HTML, CSS, JavaScript, TypeScript, Reactjs, Nextjs, Tailwind CSS, Node.js, Express.js, MongoDB, and MySQL. My commitment to delivering high-quality solutions and my continuous pursuit of knowledge enable me to create innovative and efficient results for my clients.

Work Experience

SAP Consultant 2020 – 2023 Crown Group

As a SAP BI Consultant, I implement and manage SAP Business One solutions, ensuring they meet business requirements. My responsibilities include conducting system configuration, data migration, and user training. I provide ongoing support, troubleshoot issues, and optimize system performance. Additionally, I collaborate with stakeholders to analyze business processes, design improvements, and ensure the system aligns with organizational goals. Strong problem-solving and communication skills are essential

M.I.S Officer 2020-2023 Artistic Milliners

As an MIS Officer, my primary responsibilities include managing and maintaining the organization's Management Information Systems to ensure efficient operations and data integrity. To develop and implement system policies, conduct regular audits to ensure compliance and security, and troubleshoot any issues that arise. Additionally, I analyze data to support decision-making, create reports for various departments, and provide training and support to staff on system usage. My role also involves coordinating with IT teams to upgrade and enhance systems, ensuring they align with organizational goals and regulatory requirements. Effective communication and problem-solving skills are essential for success in this position.
